Section 5 - Basis for Award

5.1 According to PPRB OPSCR Rules and Regulations Effective September 6, 2024-3.4.1 Invitation for Bids

An Invitation for Bids ("IFB") is the statutorily preferred method of procurement. The Agency provides a detailed scope of services and the minimally acceptable vendor qualifications. The Agency is required to contract with the responsive and responsible vendor(s) who submitted the lowest bid price(s). An IFB requires that the Agency use objective factors to determine whether the vendor is responsive, responsible, and submitted the lowest bid.

5.2 The agency has the right to waive minor defects or variations of a bid from the exact requirements of the specifications that do not affect the price, quality, quantity, delivery, or performance time of the services being procured. If insufficient information is submitted by a bidder with the bid for the agency to properly evaluate the bid, the agency has the right to require such additional information as it may deem necessary after the time set for receipt of bids, provided that the information requested does not change the price, quality, quantity, delivery, or performance time of the services being procured.

5.3 The agency intends to award one (1) contract to provide the services described in this IFB to the lowest responsible and responsive bidder. The number of awards is at the sole discretion of the Agency.

Section 6 – Minimum Bidder Qualifications

The vendor must have:

6.1 Prior Experience: Vendor must have been in business and provided services similar in requirements and scale to those described in this IFB for a minimum of five (5) years.

6.2 Required Certification, Accreditation, and/or Licenses: Vendor shall provide copies of all valid licenses and certificates required for performance of the work. The copies shall be delivered to the agency no later than ten days after Vendor receives the Notice of Intent to Award from the agency. Current copies of licenses and certificates shall be provided to the agency within twenty-four hours of demand at any time during the contract term. The Vendor must possess and maintain the minimum vendor certifications, accreditations, and/or licensures described in this IFB, by way of illustration and no limitation, the following:

1. A business license valid in the State of Mississippi - <https://www.ms.gov/sos/onestopshop>
2. A professional license or certificate in the industry field, if required for this bid.

6.3 The bidder may be required before the award of any contract to show to the complete satisfaction of the agency that it has the necessary facilities, ability, and financial resources to provide the service specified therein in a satisfactory manner. The bidder may also be required to give a past history and references in order to satisfy the agency in regard to the bidder's qualifications. The agency may make reasonable investigations deemed necessary and proper to determine the ability of the bidder to perform the work, and the bidder shall furnish to the agency all information for this purpose that may be requested. The agency reserves the right to reject any bid if the evidence submitted by, or investigation of, the bidder fails to satisfy the agency that the bidder is properly qualified to carry out the obligations of the contract and to complete the work described therein. Evaluation of the bidder's qualifications shall include:

1. the ability, capacity, skill, and financial resources to perform the work or provide the service required;
2. the ability of the bidder to perform the work or provide the service promptly or within the specified time, without delay or interference;
3. the character, integrity, reputation, judgment, experience, and efficiency of the bidder; and,
4. the quality of performance of previous contracts or services.

Section 7 – Duration

- 8.2.6** Conditional or qualified bids, unless specifically allowed, shall be subject to rejection in whole or in part. The bid must contain a high degree of acceptance of contract terms and conditions listed in **Attachment G and H** of this IFB.
- 8.2.7** A bid response that includes terms and conditions that do not conform to the terms and conditions in the bid document is subject to rejection as non-responsive. The agency reserves the right to permit the bidder to withdraw nonconforming terms and conditions from its bid response

prior to a determination by the agency of non-responsiveness based on the submission of nonconforming terms and conditions.

- 8.2.8** As a precondition to bid acceptance, the agency may request the bidder to withdraw or modify those portions of the bid deemed non-responsive that do not affect quality, quantity, price, or delivery of the service.

Section 9 – Bidder Certification

The bidder agrees that submission of a signed bid form is certification that the bidder will accept an award offered to it as a result of the submission.

Before submitting a bid, each bidder shall make all investigations and examinations necessary to ascertain all site conditions and requirements affecting the full performance of the contract and to verify any representations made by the agency upon which the bidder will rely. If the bidder receives an award as a result of its bid submission, failure to have made such investigations and examinations will in no way relieve the bidder from its obligation to comply in every detail with all provisions and requirements of the contract documents, nor will a plea of ignorance of such conditions and requirements be accepted as a basis for any claim whatsoever for additional compensation.

15.3 Expenses Incurred in the Procurement Process

All parties participating in the procurement process with regard to this solicitation shall bear their own costs of participation, pursuant to Section 1.4.4 of the *Public Procurement Review Board Office of Personal Service Contract Review Rules and Regulations*

PPRB OPSCR Rules and Regulations Effective September 6, 2024 Page 19 of 171 - 1.4.4 Cost of Participation in the Procurement Process

This includes, but is not limited to, the cost of preparation of any response to a solicitation issued pursuant to these rules and regulations, cost associated with travel to pre-submission conferences and/or site visits, and any costs related to pursuing a request for reconsideration regardless of the outcome. Nothing in Section 1.4.4 shall prevent an Agency from requiring a bond from any vendor requesting reconsideration.

15.4 Independent Price Determination

By submitting a bid, the bidder certifies that the prices submitted in response to the solicitation have been arrived at independently and without, for the purpose of restricting competition, any consultation, communication, or agreement with any other bidder or competitor relating to those prices, the intention to submit a bid, or the methods or factors used to calculate the prices bid. The prices quoted shall be inclusive of, but not limited to the following: [all required labor; all required equipment/material; all required insurance, bond, or other surety; all required overhead; all required profit; all required vehicles; all required fuel and mileage; all required labor and supervision; all required training; all required business and professional licenses, certifications, fees, or permits; and, any and all other costs]. Further, submission of a bid form that is not complete and/or signed is subject to rejection as non-responsive. The agency reserves the right to permit the bidder to withdraw nonconforming terms and conditions from its bid response prior to a determination by the agency staff of non-responsiveness based on the submission of nonconforming terms and conditions. Furthermore, if a bidder's price is substantially higher than those of other bidders, meaning those in excess of a twenty-five percent (25%) differential, the bidder's price will be deemed non-responsive.

15.7 Withdrawal of Bids

A bidder may withdraw a bid at any time by written notice to the Agency official designated in the IFB. If any such withdrawal occurs by the successful bidder(s) after the bid opening and/or issuance of the Notice of the Intent to Award, the Agency may cancel the solicitation or proceed with award of a contract as if the withdrawn bid had not been submitted.

15.8 MINOR INFORMALITIES AND IRREGULARITIES

"Agency" has the right to waive minor defects or variations of a Bid from the exact requirements of the specifications that do not affect the price, quality, quantity, delivery, or performance of the services being procured and if doing so does not create an unfair advantage for any bidder. If insufficient information is submitted by a bidder for "Agency" to properly evaluate the offer, "Agency" has the right to require such additional information as it may deem necessary after the submission deadline, provided that the information requested does not change the price, quality, quantity, delivery, or performance time of the services being procured and such a request does not create an unfair advantage for any bidder. *(Information requested may include, for example, a copy of business or professional licenses, or a work schedule.)*

15.9 Reconsideration of the Intent to Award

A bidder who responded to an IFB has an opportunity to request that the procuring Agency reconsider its intent to award the contract to a specific bidder or bidders. It shall be the sole responsibility of the requesting bidder to ensure the request is timely received by all required parties. The request must include:

- Vendor's name
- A single contact person and their contact information
- RFx number of this solicitation (RFx# **3180002961**)

Reference to documents outside of or facts not supported by the Agency Procurement File or the IFB shall not be considered by the Agency when responding to the request.

Section 16 – Required Contract Terms and Conditions

Any contract entered into with the Contracting Agency pursuant to this IFB shall have the required clauses found in Attachment G and those required by the *PPRB OPSCR Rules and Regulations* as updated and replaced by PPRB. The agency discourages exceptions from these required clauses. Such exceptions may cause a bid to be rejected as non-responsive. Bids which condition the bid based upon the State accepting other terms and conditions not found in the IFB, or which take exception to the State's terms and conditions, may be found non-responsive, and no further consideration of the bid will be given.

Section 17 – Optional Contract Terms and Conditions

Any contract entered into with the Contracting Agency pursuant this IFB may have at the discretion of the Contracting Agency, the optional clauses found in Attachment H and those within the *PPRB OPSCR Rules and Regulations* as updated and replaced by PPRB.
